I joined Towers as assistant electronics buyer 1974. Promoted to electronics buyer in 1978 and then had the camera dept added to my responsibilities. I became the toy buyer (boys toys) in 1984. Karen Baillargeon was the toy buyer(girls toys).

I was on a buying trip in Hong Kong when I received the news of the sale of the company to Zellers, and had to go around the vendors cancelling orders.

My years with Towers were the best. I made some very good friends.
